ACKNOWLEDGEMENT

I, the developer of a Website "Prestige Home Website", with immense pleasure and commitment would like to present the project assignment. The development of this project has given us wide opportunity to think, implement and interact with various aspects of management skills as well as the new emerging technologies. Every work that one completes successfully stands on the constant encouragement, good will and support of the people around. We hereby avail this opportunity to express our gratitude to number of people who extended their valuable time, full support and cooperation in developing the project.

I would like to express sense of gratitude towards our external guide Mr. Aakash Shah , who was support during the whole session of internship and our internal guide Prof. Nita Jadav who guided me throughout the internship.

We are sincerely thankful to all the people who helped us complete the project in one way or the other. They altogether provided us favorable environment, and without them it would not have been possible to achieve the goal

Sincere Thanks,

Ompatel(20IT103)

Summer Intern – Om Infosolution

ABSTRACT

With an eagerness to learn how the various scripting language work and an agenda of building a website lead me to "Om Infosolutions". where they gave me an opportunity to showcase some real time work by working on the website development which was to be developed for as an aim to learn about various concepts of HTML,Css,JS,PhP,SQLDatabase.

In the internship as an intern, I was assigned the task of building the "Prestige Home Website" in which it contains functionalities as Sign page , Gallery page , Home page , About us , Contact page etc. Also we have provided facilities like types of Bungalows along with their charges and also provided our various Places in City and State and House booking details . So specially I worked on frontend part and some other parts ofthe Project .

At the end a working website with the functionality of fulfilling the needs was developed where all the functionalities and the task were completed as per the requirement of the Users.

TABLE OF CONTENTS

LIST OF FIGURES:

Chapter 1: Project Definition:

1.1 PROJECT OVERVIEW:

The "Prestige Home Website" Services department strives to provide solutions to find a house for Rent and to own, in such a quick and simple way in the digital era and to help reduces the human time. It provides services that include the In which city you want the house, which type of house ,In what budget and how many BHk.

"This website is easy to use for both beginners and advanced users. It features a familiar and well thought-out, an attractive user interface, combined with strong searching Insertion and reporting capabilities.
